Lasting Durability In Just The Right Finish...

Constructed of heavy-duty materials, DOT® Grommets and Washers are designed to provide reliable hole reinforcement. These high-quality grommets and washers conform to stringent commercial specifications. Morito Scovill Americas also offers a wide range of setting options to meet customers' unique requirements.

Available Finishes

All DOT Grommets and Washers – except for Stainless Steel – are available in the following standard finishes: Brass, Nickel and Black. Larger minimum order quantities are required for certain colors.

DOT® Grommets And Washers Are Supported By Quality, Performance And Service...

Morito Scovill Americas DOT® products stand for quality, durability, strength and performance. For more than 100 years, DOT products have built a solid reputation for heavy-duty construction, consistent engineering and adherence to the toughest specifications.

SHEET METAL GROMMETS AND WASHERS

Sheet Metal Grommet

Plain Washer

Tooth Washer

Neck Washer

- Made of durable, high-quality brass
- May be used interchangeably with Plain, Tooth or Neck Washers:
 - **Plain Washers** are used as basic reinforcement to provide support for the grommet setting
 - **Tooth Washers** provide a firmer, tighter grip, particularly when used on woven material
 - **Neck Washers** reinforce the hole in a barrel-to-barrel setting and facilitate automatic feed setting for high-volume production
